

# Holiday Program

FULL-DOME PLANETARIUM FILM,  
HANDS-ON ACTIVITIES, AND STARGAZING

Friday, December 17, 2021 &  
Saturday, December 18, 2021  
4:00PM - 7:00PM

Framingham  
State University

-  Be our first public audience to watch the new full-dome film, *Big Astronomy*, in the Framingham State Planetarium. **Showtimes at 4:00pm, 4:45pm, 5:30pm, and 6:15pm!**
-  During *Big Astronomy*, explore world-class observatories, learn why Chile is an ideal environment for astronomy, and meet some of the diverse people who make discoveries possible!
-  Do Webb-themed **crafts and activities** to learn about the largest, most powerful and complex space-based telescope ever built: James Webb Space Telescope!
-  Weather permitting, **observe our night sky** with telescopes while amateur astronomers are available to answer all of your questions!

**Cost: \$5 per individual participant.**
