

# FSU BIPOC Faculty Discuss *Young Nerds of Color*

FSU Planetarium, O'Connor Hall

Wednesday, October 19, 2022

4:30pm – 6:00pm

The play *Young Nerds of Color* is an interdisciplinary project based on interviews with scientists from diverse backgrounds: people of color, women, ethnic minorities, and people from low income families. FSU faculty will discuss themes including: loneliness, code switching, the lie of science objectivity, challenges to feeling authentic, pressure to represent, and imposter syndrome.

## Panelists

Dr. Cara Pina  
Biology

Dr. Wardell Powell  
Education

Dr. Ishara Mills-Henry  
Chemistry and Food Science

Dr. Folashadé Solomon  
Education

Dr. Vandana Singh  
Environment, Society  
& Sustainability

Seeing the play before the panel discussion is not necessary, but FREE screenings of the play in the FSU Planetarium are available during MA STEM Week: October 17– 21.
